

PERGOLA BIOCLIMATICA

GA802196-DGRE (3x4m)
GA802195-DGRE (3x3m)

Essenziale nelle linee e contemporanea nel design, questa pergola bioclimatica autoportante in acciaio è pensata per creare uno spazio esterno accogliente, funzionale e ben definito. Le lamelle orientabili con comando manuale consentono di regolare facilmente luce, ombreggiatura e passaggio dell'aria. Che si tratti di un pranzo all'ombra, di una pausa rilassante nelle ore più calde o di una serata in compagnia, questa pergola permette di creare un ambiente dedicato al comfort e alla convivialità, valorizzando lo spazio esterno con uno stile moderno e discreto.

BIOCLIMATIC PERGOLA

GA802196-DGRE (3x4m)
GA802195-DGRE (3x3m)

Essential in its lines and contemporary in design, this freestanding bioclimatic pergola in steel is designed to create a welcoming, functional and well-defined outdoor space. The manually adjustable louvres allow you to easily control light, shade and airflow. Whether for enjoying lunch in the shade, relaxing during the warmer hours or spending an evening with family and friends, this pergola creates a comfortable and inviting setting, enhancing any outdoor space with its modern and understated style.
